EXPERIENCE

Internship As Developer
Star5 Creative Inc. | July 2022 - August 2022

Throughout this time, I worked on the begin of the OrangeHRM Project. Among my functions were:
- Operating OS like Windows, Ubuntu Linux.
- Control and adjustment of JavaScript and PHP code as well as customization of HTML and CSS tagging.
- Data management with Databases (MariaDB, MySQL)

Internship As Technical Support
Rodelag | September 2016 - December 2016

I did basic technical support tasks, among which I highlight:
- Computer maintenance.
- Preparation of reports.
- OS installation like Windows, Ubuntu Linux.
- Wire Ethernet cables(Direct and Crossover).
